**THE 7TH MONTH**

Detective DD Warren is heavily pregnant. DD is avoiding giving her boyfriend, the father of her child, an answer to his question. He wants them to move in together and have a family. She's afraid. Stuck behind a desk, she is approached by a Hollywood director who was looking for a new police consultant. DD decided to go along and be the consultant. Looks like a piece of cake until the previous police consultant is discovered beaten to death. Now, DD must hurry to solve the crime before all 104 suspects leave town at the finish of the movie. If you like a short, fast paced read, then you will enjoy this book. — Judy Howell

*The 7th Month* by Lisa Gardner. (71 pages) Available in Hardback, Kindle, Nook, iBook.

**DREAMS OF FALLING**

This book is set in the lovely low country of South Carolina. The descriptions of the landscapes are so vivid, it’s almost like you are there with the characters, living and breathing the damp, sultry air of the south. The book opens with the frolics of 3 young women sneaking away from their parents to experience their first taste of independence. Important relationships are kindled that will change their lives forever. Explore the depths of human folly as a young woman comes home to the south to tend to some family business and recapture her youth but finds out that you can never truly go home again. — Sabra Jacobs

**BULLSEYE**

The president of the United States is in town and planning to appear at the United Nations. The entire city of New York is on high alert. The tensions between the United States and Russia are at an all-time high. Assassins plan to take out the President. Detective Michael Bennett must race against the clock to find the husband and wife team of assassins to stop the murder of the President. This book is full of non-stop action. This book is a true thriller. — JH

Would you like to make a book recommendation? We are looking for guest reviewers. If you are interested, please contact either Michelle Fields or Judy Howell by April 29. Recommendations only have to be around 100 words, so please join the fun!

DAISY JONES AND THE SIX

This novel is by the author of last year’s best-selling The Seven Husbands of Evelyn Hugo, which took place in old Hollywood. This setting is equally intriguing: the music scene of 1970s era Los Angeles. Told entirely in a series of interviews, the novel relates the rise and fall of a singer Daisy Jones, and a band, The Six. The two, at first, have nothing to do with one another, but we see gradually how their paths join. Reid is obviously having some fun with her inspiration, Fleetwood Mac, but don’t assume because you know all of the behind the scenes gossip about the making of Rumors that you know how this book will go; I’m pretty sure it will surprise you. This will make a great summer read. — MF

Daisy Jones and the Six by Taylor Jenkins Reid (368 Pages) Available in Hardcover, Kindle, Nook, iBook.

THE SILKWORM

In the second Cormoran Strike book, Mrs. Quine hires the detective agency to find her husband. Owen Quine is missing. He’s an author who writes books that are very controversial. Quine is not popular. Cormoran feels sorry for the wife and decides to take the case. As he is looking for Owen Quine, Cormoran finds him murdered in an unusual scene. Even though the crime is solved early on by the police, Cormoran does not believe that the police have made the correct arrest. Using methodical research the crime is solved by Cormoran Strike. If you enjoy a good mystery with twists and turns, read this book. — JH

The Silkworm by Robert Galbraith (455 Pages) Available in Paperback, Kindle, Nook, iBook.

THE PRIORY OF THE ORANGE TREE

Game of Thrones fans take note: if you are looking for more politics, scheming, world building, and dragons, look no further because The Priory of the Orange Tree has you covered. As a bonus, it’s the rare epic fantasy novel that stands alone and is not the precursor for five or six (or more) door stopping volumes. At the heart of the story was a world-changing event that occurred one thousand years ago. Each of the different countries has its own myths about what happened, and unsurprisingly they do not agree with each other. This has led to hostility amongst the nations, but now that world-changing event has returned and if there are to be any survivors, people need to cooperate. With a gender flipped take on St. George and the Dragon, Samantha Shannon’s The Priory of the Orange Tree provides the reader with all of the epic fantasy they need. — MF

The Priory of the Orange Tree by Samantha Shannon. (808 pages) Available in Hardback and Kindle.
